

TABS PRODUCTIONS

Tab's Productions was formed in 1989 by Adrian Lloyd James and Karen Henson. Since then the roll call of productions has ranged through Shakespeare to Stephen King via Coward, Pinter, Berkoff, Mamet, Ayckbourn and Dickens to name but a few... there has even been the odd musical thrown in and a Christmas show or two. Our productions have toured throughout the country, including a spell at The Royal National Theatre, and been nominated for awards along the way. Sometimes our productions tour with "names", but mostly with jobbing actors (is there any other kind?) and we are now celebrating our 21st birthday with this tour of "The Graduate". The spring sees us at The Pomegranate Theatre, Chesterfield once more with Bryony Lavery's play "Frozen" and a new play "Raining Men" by Chris Ponka... and they said it wouldn't last!
